**When you VOTE
you ELECT**

VOTING IN WAKEFIELD, ELECTIONS AND POLITICAL ORGANIZATIONS

Prepared by the League of Women Voters
(Revised 1967)

To Be A Voter, A Person Must Be

an American citizen (native-born or naturalized)
21 years or more in age
a resident of Massachusetts for at least one year
a resident of Wakefield for at least six months
registered as a voter

To Register As A Voter, A Citizen Must

appear in person before an authorized Registrar of Voters
sign his (or her) name
give evidence of citizenship if naturalized
prove ability to read the Constitution in English, (with the one exception that if he has gone to a school under the American flag where English was not the primary classroom language, and had completed at least the sixth grade, he need not so read the Constitution.)

When and Where to Register:

9:00 A.M. to 5:00 P.M. Monday through Friday in the Town Clerk's office.

7:00 to 8:00 P.M. Tuesday evenings in the Town Clerk's office.

Or at especially designated places in precincts, within two weeks of the closing of registration, which may be scheduled by the Town Clerk and announced in the Wakefield Item.

However no registration takes place between the 32nd day preceding and the day following the State and Presidential Primaries and the State Elections nor between the 20th day preceding and the day following the annual Town Election.

Registration is permanent unless a voter moves to a new city or town or changes name by marriage. A voter, moving from one precinct to another within the town, should immediately notify the Registrars of the change to assure being able to vote in the new precinct, otherwise he must vote from his former address.

Registrations are administered by the Board of Registrars. The Board is composed of three citizens, appointed for three year terms by the Board of Selectmen, and the Town Clerk, who by virtue of his office, serves as clerk of the board.

Polling Places

1. Precinct 1—Lafayette Building
2. Precinct 2—Greenwood School
3. Precinct 3—St. Joseph's Hall
4. Precinct 4—Hurd School
5. Precinct 5—Franklin School

Local elections are held annually on the first Monday in March to elect certain officials and members of boards for their respective terms.

Local elections are non-partisan. Write-ins are permitted, and absentee voting is allowed in local elections.

To Become a Candidate for Local Office, a Citizen Must

secure nomination papers from the Town Clerk (one set of papers for each office to appear on the ballot)

obtain signatures of 50 registered voters

submit nomination papers with the Board of Registrars for certification 7 days preceding the 35th day before the Town Election

file with the Town Clerk by 5 P.M. on the 35th day before the Town election. (This places the candidate's name on the ballot officially, providing the papers are properly certified.)

The Town Clerk administers election. The Board of Selectmen annually in August appoints election officers to supervise voting at the polls. These include five wardens and five clerks.

To Join a Political Party

A voter must declare his party choice as he enters the polls to vote in the primary elections.

To Change or Cancel Party Enrollment

A voter must appear in person at the Town Clerk's office and present the request in writing. This may be done any time except when registration is closed, immediately preceding elections.

A party member is eligible to be a delegate to his party conventions. Membership on the town Democratic and Republican Committees is determined by ballot every four years at the Presidential Primary. A non-party member is called an "Independent" voter, or an "un-enrolled" voter.

The Annual Report of the Town Officers is published each year and is available at the time of Town Meeting and also at the public library. The report includes all financial data pertaining to the costs of town operating expenses.

Procedure of Town Meeting

The Moderator, an elected town official, presides at town meetings. He begins to read the call for the meeting. Usually a motion is made to waive further reading of the warrant (with the exception of the constable's return which the law demands be read) and the motion is carried. Articles in the warrant are taken up in order as they are printed in the warrant unless it is requested by a two-thirds vote that they be taken up otherwise.

The recommendations of the Finance Committee are given before voters discuss or act upon an article. For the annual town meeting, these recommendations are available a week to ten days before the meeting in booklet form, called "Annual Appropriations for 197-," and may be obtained at the Selectmen's Room at Town Hall.

Following the Finance Committee's recommendations or the recommendations of such special department as may be permitted to make recom-

mendations, the sponsor of the article is usually allowed to present his case. The voters may then debate the question according to rules of parliamentary procedure prescribed by the town's by-laws such as:

- Stand, address the Moderator, give name and address clearly, confine remarks to the question under debate and avoid personalities.
- Speak for not more than 10 minutes at any one time, unless granted permission by the meeting. No voter may speak more than once on any question if other voters desire to be heard, and no voter may speak more than twice on the same question without permission of the meeting.
- Speak not more than two minutes on any one of the following motions:
 - Motion to adjourn
 - Motion to lay on the table
 - Motion to take from the table
 - Motion to put the previous question(These motions only are in order when a question is under debate. Total time allowed for debate on each motion is six minutes.)

A two-thirds vote of the assembly is necessary on a motion which requires a bond issue. A vote may be reconsidered at the same session or at adjourned session upon two-thirds vote of the assembly. The Moderator may request a voter to put his motion in writing. Should seven voters doubt the accuracy of the Moderator's count of hands on a motion, tellers are appointed to make the count. The Moderator clarifies motions when they are especially complex.

Conduct at the town meeting is further governed by the rules of practice, as they are pertinent to town meetings, in Cushings' Manual of Parliamentary Procedure.

The Town Meeting Warrant and the Annual Report*

The warrant is composed by the Selectmen, with articles being entered by request or petition. Individual voters may have an article inserted by petition. The Selectmen receive all petitions for the warrant, except those having to do with sidewalks, drainage, sewers and streets which must be submitted to the Board of Public Works. Signatures of ten or more registered voters are required on articles for annual town meetings; 100 signatures are required for articles filed by citizens in warrants for special town meetings. Signatures on petitions must be exactly as the voters' signatures appear on the voting list. Voters may request the advice of the Town Counsel in drawing up an article. Customarily, public announcement is made of the opening and the closing dates of the warrant. Citizens, however, may take their petitions to the Selectmen at any Board meeting during the year and the Selectmen will hold such articles for insertion in the warrant for the next town meeting. Department heads enter their articles by the process of request.

* Town Meeting Warrant — A collection of articles presented by departments, committees and voters for consideration by voters at an annual or a special town meeting.

Report of the Board of Selectmen

Sabatino Benedetto

At the Board's organizational meeting, following the Annual Town Meeting in March, John W. Moccia, Jr. was elected Chairman and John Sardella was elected Secretary. Other Board members are Lawrence J. McCluskey, Hugh J. Morgan, Jr. and Sabatino Benedetto; John J. McCarthy, Executive Secretary and Margaret M. Brady, Clerk of the Board.

Town Counsel Francis C. McGrath, Jr. retired as town counsel for the town, effective December 31, 1969, after serving the town for fourteen years and was commended by the Board of Selectmen in a resolution presented to him on the occasion of a testimonial given in his honor on December 6, 1969. The Board, on the occasion of Mr. McGrath's last meeting, extended their expression of gratitude for outstanding service during his tenure of office. Mr. Mario L. Simeola was appointed town counsel to succeed the retiring official. The Board was gratified that Mr. Simeola who had previously served seven years as a member of the Finance Committee, the last three years as Chairman of that important municipal committee, would accept the appointment as town counsel.

The powers, duties and responsibilities of the Board of Selectmen are broadly diversified in approximately seven hundred sections of law applying directly to selectmen together with the hundreds of other sections of law that bear upon Town problems in general.

The Town has continued to function under the Board of Selectmen-Executive Secretary plan of Municipal Administration. This plan maintains the Selectmen in their traditional role as managers of the municipality and yet gives cognizance to the need for a central official to carry out delegated administration assignments within a designated framework of policy set down by the Board of Selectmen.

The broadly diversified powers, duties and responsibilities of the Board of Selectmen extend throughout the administration of all town departments and a central coordination is essential to an effective and efficient municipal administration.

The Bureau of Government Research at the University of Massachusetts has prepared a publication on "Administrative Organization in Massachusetts Towns" which underscores the effectiveness of the present type of local government:

"For the immediate and foreseeable future, there appears little doubt that Massachusetts towns, desiring methods to improve the coordination and control of municipal operations, the professional management of their administrative apparatus, the better utilization of men and equipment, and the advantages of increased planning and programming of services,

will continue to turn to the consolidated department of public works, the executive secretary to the Board of Selectmen, and the town manager plan for the achievement of these objectives."

The Board of Selectmen and the Executive Secretary have continued to represent the Town's interest before governmental officials, committees and commissions at the various levels of government for the purpose of presenting information and evidence on matters which concern the Town of Wakefield.

The necessity for effective liaison between the Town and Metropolitan Agencies has been accentuated by the membership of the Town in the Metropolitan Bay Transportation Authority and the Metropolitan Area Planning Council. The Executive Secretary to the Board of Selectmen has served as an Advisory Board member of the Metropolitan Bay Transportation Authority as well as a member of the MBTA Executive Committee and as Chairman of the seventy-nine member Advisory Board Budget Committee. The Executive Secretary has served as town representative to the Metropolitan Area Planning Council and also as a member of the MAPC Executive Committee and Treasurer of the Council. The Town's active participation is necessary to the Town's effective representation in an area of activity that involves significant dollar cost as well as a progressively increasing socio-economic impact.

The Fire and Casualty Insurance program which extends to all municipal departments and provides for various types of required protection amounted to a premium cost of \$50,563.01. The Workmen's Compensation insurance program extends coverages to all insurable departments of the Town at a premium cost of \$28,300.

The program of pre-employment physical examination, which was initiated in 1963 is continuing to function to the benefit of the Town. This program is geared to protect the Town against costly premature retirements and employer's liability applying to employment accident claims. The program also protects prospective employees from assuming employment responsibility for which they are not physically qualified.

The Group Insurance program of medical-surgical hospitalization and life insurance benefits authorized for Town employees by referendum action in March 1958 and extended to cover employees who retired after original acceptance of the legislation which provided group insurance benefits to Town employees (Chapter 595, Acts 1959) continues to present the best features of any plan of protection for Town employees. There are presently 577 employees, 51 pensioners and 121 Optional Medicare members of the Town included in this program. The gross premium cost amounts to \$204,310.86 of which amount the Town contributed \$103,272.24.

Chapter 763 of the Acts of the year 1965 became effective on February 16, 1966 in legislative enactment of collective bargaining for municipalities. Municipal employers are prevented from (a) interfering with the right of employees to organize for the purpose of collective bargaining, (b) dominating or interfering with any employee organization, (c) discharging

or discriminating against any employee who testifies before the State Labor Relations Commission on a certification proceeding, (d) refusing to bargain collectively in good faith with a designated exclusive bargaining agent, and (e) refusing to discuss grievances with the bargaining agent. The statute states "the municipal employer shall be represented by the Chief Executive Officer, whether elected or appointed or his designated representative or representatives." It has been determined that the Board of Selectmen is the Chief Executive Officer in Towns for the purpose of this statute, except as applies to School Department personnel. This legislation continues a costly and complex impact on municipal administration in Massachusetts. The Board of Selectmen appointed Executive Secretary John J. McCarthy, Town Counsel Francis C. McGrath, Jr. and Public Works Director Richard C. Boutiette as delegated representatives in collective bargaining procedure with the established Public Works Unit. The Board of Selectmen appointed Executive Secretary John J. McCarthy, Town Counsel Francis C. McGrath, Assistant Town Counsel Mario L. Simeola and Fire Chief William P. Hurton as delegated representatives in collective bargaining procedure with the established Fire Department Union. Town Counsel was authorized to engage the services of Special Counsel on Labor Negotiation and Attorney Edward Schneider was so engaged.

The Board appointed 59 election officers and 38 tellers for service at the polls for the year 1969 and the Committee on Election Procedures was continued in its function of reviewing election procedures and providing liaison between the Board of Selectmen and precinct wardens. This Committee has enabled the Selectmen to remain in closer contact with the functions of elections for which they are responsible.

In accordance with Chapter 234 of the Massachusetts General Laws, the Board of Selectmen are responsible for the preparation of a jury list of qualified citizens for the selection of service in Superior and Federal Courts.

The Board of Selectmen continued the practice of presenting wallets with the seal of the Town embossed to all enlisted and drafted servicemen departing from the Town.

The Board observed with regret the deaths of the following active and retired employees:

Mary E. McKenna	Lyman E. Allen
Alice K. Olsen	Julia M. Bradley
Sadie E. Loughlin	Alice M. Floyd
Anne C. Eaton	Pasquale Zagaria

Fifty-five treasury warrants totalling \$18,879,609.25 were approved by the Board in payment of salaries, wages, invoices and maturing debt.

The Board of Selectmen authorized the Department of Public Works to incur liabilities in excess of appropriation for snow and ice expenditures in accordance with the provisions of Chapter 44, Section 31 of the Massachusetts General Laws.

The Board approved a rate of 4.18% for an amount of \$400,000 and a rate of 4.23% for an amount of \$350,000 in anticipation of tax revenue; a rate of 4.23% for an amount of \$500,000 in anticipation of tax revenue; a rate of 4.25% in an amount of \$10,000 Library loan; a rate of 4.5% for an amount of \$4,000 Chapter 90 work; a rate of 6% for an amount of \$350,000 and 5.90% for an amount of \$400,000 in anticipation of tax revenue; a rate of 6.30% for an amount of \$121,500 for Chapter 90 work; a rate of 6.21% for an amount of \$500,000 in anticipation of tax revenue and a rate of 6.30% for an amount of \$275,000, sewer project.

Report of Board of Appeals

The Board of Appeals, a quasi-judicial body, operates under the Zoning Bylaws of the Town of Wakefield and Chapter 40A of the General Laws of the Commonwealth of Massachusetts.

During the year ending December 31, 1969, the Board held nineteen hearings. Two decisions are currently under appeal in the courts, one being a 1968 decision.

The members of the Board are: Joseph L. McManamin, James Zafarana, Edward Grazewski, Richard D. Ellis, Miss Bernadette Casavant, Mrs. Ellen Lee, Clerk-stenographer, and David H. Ramsay, Chairman.

Although there have been no personnel changes during the year the Board regretfully accepted the resignation of Mrs. Lee, effective as soon as a satisfactory replacement can be located.

Appeals hearings are advertised twice in the Wakefield Daily Item and held Tuesday evenings in the Memorial Hall of the Lafayette Building.

Respectfully submitted,

DAVID H. RAMSAY, Chairman

Report of Town Planning Board

The preparation of proposed zoning amendments to be presented to the voters to permit and regulate the construction of apartment buildings in Wakefield has been the major activity of the Town Planning Board in 1969. After long study of bylaws in effect in other suburban Boston communities, consultation with the Building Inspector, the Board of Appeals, Wakefield realtors, and professional advice from Charles E. Downe, planning consultant, eleven amendments have been submitted to the Board of Selectmen for action at a town meeting to be held early in 1970.

The proposals will give the voters an opportunity to decide the future trend of apartment development in Wakefield. These amendments provide for "town houses" and four story apartments in the General Residence Districts, an Apartment District where six story buildings may be constructed, and a High Rise District where buildings may be twelve stories or 120 feet in height.

The Guide Plan Study for the Business and Civic Center, because of the pressure of work on zoning for apartments, has not been completed although the report is nearly finished.

The Board sent representatives to two Massachusetts Federation of Planning Boards meetings at one of which the program was entirely devoted to the Low Cost Housing act of 1969, Chapter 774.

Meetings have been held with the Board of Public Works, the Board of Selectmen, and the Board of Appeals, and with representatives of the following committees: Incinerator, Conservation, School Building Needs Survey, and Town Office Building. Representatives of the Board attended a meeting of a group concerned with low cost housing.

At the 1969 annual Town Meeting amendments were voted to permit parking for business use in adjacent General Residence areas under specific requirements.

Revision of the permitted professional uses in Single and General Residence Districts were also made by amendments voted in 1969.

Three new subdivisions were approved during the past year; Jackson Lane, 16 lots, west of Vernon St., north of Cordis St.; Lake Shore Drive, 9 lots, east of Main St., north of Cordis; and Edwards Ave., north of Elm St., west of Elm Crest Road.

Work in progress in West Park Estates, Davey Lane, Roosevelt Road, and Lakeview Circle was reviewed periodically.

One subdivision, Millbrook Lane, south of Water St., was completed. The preliminary plan of Reynolds Road Extension has been studied and recommendations made.

Some seventy other land use questions have come before the Board this year.

The Board has met in 33 open and 11 informal meetings, most of the latter being devoted to the Business and Civic Center study and to zoning for apartments. Four public hearings on proposed subdivisions and one on the zoning articles in the March town meeting warrant were held.

Town Engineer Michael T. Collins, a consultant to the Planning Board, attended the meetings and hearings held by the Board during the year.

Respectfully submitted,

MELVIN D. PEACH, Chairman

Report of Personnel Board

The Personnel Board during 1969 continued to evaluate and adjust compensation schedules, benefits and other provisions of the Personnel Bylaws. Constant consideration is given to personnel developments in numerous communities and in our bargaining units, as well as current changes in cost of living and the increasing burden to the town's taxpayers. The Board has strived to achieve a balance of wages, hours and benefits which will most nearly produce equitable treatment to town employees as a group.

Changes proposed by the Personnel Board and approved by the 1969 Town Meeting pertained to:

adjustment of salary and wage schedules,
earlier eligibility for Maximum III step rate,
greater sick leave accumulation,
more vacation for employees with six through nine years of service
and an extra week at fifteen years, and
compensation during jury duty.

During the year Henry C. Anzalone was appointed to fill the vacancy created by the resignation of Whitman S. Browne, Jr.

CONCLUSION:

The Police Department could be improved in many ways if sufficient money were available. Projects in need of attention are as follows:

1. A change in the lay-out of the Police Station to make better use of floor space and to enable the revision of the record system.
2. Additional manpower including more detectives and at least two more supervisory personnel. More extensive training for the present force.
3. Improvements to the station photography laboratory and photography training for five policemen to take on-the-spot pictures at the scene of arrests and accidents.

Because of the increase in the population of the town during the past five years, police work has increased considerably and, while I am aware the above improvements should be made, they entail extra expenditures. Having the tax rate in mind, I am trying to keep expenses down. Improvements that have been made during 1969 or are requested for 1970 are as follows:

1. Acquisition of a breathalyzer unit—this new piece of equipment has proved to be very valuable in presenting evidence before the court concerning those persons arrested for operating under the influence of liquor. It was necessary to send eight members of the department to training school in the use of the breathalyzer. We are indebted to Mr. James J. Stratford, Jr., Co-ordinator of the Federal Highway Safety Program, who had charge of dispersal of funds. Wakefield received this piece of equipment at no cost to the town.

2. I felt it was mandatory to request an appropriation in the 1970 police budget for a computerized teleprocessing system which will keep us in instantaneous communication with the Registry of Motor Vehicles, the Department of Probation and the National Crime Information Center. A vast amount of information can be stored in the computer and made available to the police on local, state and national levels.

3. I also have found it necessary to ask for a change in the frequency of our radio system involving the expense of new crystals. Interference is so strong on our present wave length that communications between the base station, route men and cruisers are distorted and sometimes inaudible.

4. I am recommending appointment of five new patrolmen to the department in 1970. I suggest that the regular reserve force be limited to three men and that the provisional reserve force of seven men be

reduced by attrition. The present seven men have been with us for many years and have given faithful service to the town. Gradually, they will reach an age where they cannot be employed legally by the town.

5. The town now has twenty Women Traffic Supervisors. Seventeen are regular supervisors, another having been added this year. Requests have been made for supervisors at several more locations adding to an expense that has proved costly to the town. If the Pedestrian Control Law is adopted by the town in conformance with State regulations, the Massachusetts Department of Public Works will look more favorably on the installation of traffic lights with pedestrian walk intervals at some of the busy intersections where school children must cross.

I would like to comment on two phases of police work that have required particular attention in 1969:

1. Ambulance service:—We have taken 874 people to or from a hospital or rest home during the year 1969. While the department is very willing to give the best possible aid in cases of illness, it must be pointed out that protection to the town is constantly curtailed when two men are called off their routes for one to four hours to transport patients at least as far as Melrose and oftentimes to Boston or farther. We have no extra officers waiting at the station to provide this service. When both ambulances are in use, four men are called off the five regular routes in town. The availability of Medicare, Medicaid and various health plans has made hospital care available to the majority of citizens thus increasing the demand for ambulance transportation.

2. According to F.B.I. reports, all crimes have increased across the nation, and the use of drugs has increased in proportion to the national crime level. The drug problem has caused great concern in the Town of Wakefield. The Police Department has noted an increase in 1969 in arrests for drug violation over the number in 1968. In 1965 there were three violations of narcotic drug laws; four years later, in 1969, there were ninety-four violations. The drugs involved were not only marijuana but also newer drugs such as L.S.D. as well as the habit-forming drugs such as heroin including one case of pure opium. I have found it necessary to employ more plainclothes police officers in an endeavor to keep abreast of the problem.

The Wakefield Auxiliary Police Force now numbers fifty men under the leadership of a regular sergeant of the police department. These men have proved very valuable over a period of twenty years in aiding the regular department in emergencies, on various holidays and during election periods. Wakefield is fortunate to have citizens interested in giving so freely of their time without remuneration.

I should like to express my thanks to all those who have aided the department and my thanks especially to the Fire Department members for their assistance at accidents, with ambulance calls and with other emergencies. I appreciate the assistance received from the Judges and personnel of the Clerk's offices at the courts; the cooperation from all other

departments of the town and from individuals. Especially, I want to say thanks from me to all members of this department for the work they have accomplished this year under very strenuous circumstances.

Respectfully submitted,

J. MERRITT WENZEL,
Chief of Police

Report of Chief of Fire Department

During the year this department has responded to 1202 alarms, divided as follows: 237 Box Alarms and 965 Still Alarms.

Estimate of Property Endangered	\$ 820,950.00

Report of Director of Civil Defense

The Civil Defense organization continues to function under the general direction and control of the Board of Selectmen as is required under the provision of Chapter 639 of the Acts of the year 1950.

There is one paid employee serving as office clerk and field agent. The director and all other members of the organization are serving on a volunteer basis.

The management, control and direction of the Auxiliary Fire and Police Departments have continued under the jurisdiction of the Chiefs of the respective departments, as has the operation of the Civil Defense rescue truck.

The Civil Defense Communications Group remained effectively available during the year under the direction of Chief Radio Officer J. Henry Sleeper.

The Montrose School, the Atwell Building and the North Avenue plant of the Municipal Light Department have been approved as shelter areas adding 539 more spaces to the shelter program.

All auxiliary agencies operated both effectively and efficiently to the advantage of the Town during the year 1969.

Respectfully submitted,

WILLIAM P. HURTON,
Director of Civil Defense

Report of Board of Health

The year 1969 has proven to be a busy one for the Board of Health.

In the March 1969 elections, Dr. Joseph S. Goldman was elected to fill the vacancy left by Robert Dutton who did not choose to run. Dr. Dutton was appointed a member of the Board on September 19, 1939. During his long and faithful service to the Board and the Town, he contributed much to the welfare of the community.

The Board, with regret, accepted the resignation of Mrs. Norma J. Leavitt, Clerk, effective February 1, 1969 after 5 years of service.

Mrs. Barbara L. Rosewell was appointed Clerk to fill the vacancy and reported for work on February 3, 1969.

The following cases were reported during the year:

Animal Bites	105
Chicken Pox	8
Hepatitis	2
Mumps	8
Salmonellosis	6
Scarlet Fever	7
Tuberculosis	1
Meningitis	2

Hospitalized patients (for Tuberculosis) spent a total of 97 days in the Hospital.

A rabies clinic for dogs was conducted in March by Dr. Peter Coakley at the Animal Medical Center.

Two Flu Clinics were held in October for protection of the Police and Fire Departments and Town Employees.

A summary of Field Trips and Investigations by the Public Health Nurse is as follows:

Visits to T.B.C. patients and Contacts	108
Trips to Hospital for patient's X-ray examinations and check-ups	56
No. of Contacts X-rayed or O.T. tested	51

Report of Wakefield Council on Aging

In its second year Wakefield's Council on Aging has had varied activities.

RECREATION

New Year's Day 1969—

Color TV provided senior citizens to watch the Rose Bowl Parade and football games.

Bus Trips—

Cathedral of the Pines with lunch at The Old Mill on May 20

Lake Winnepesaukee on July 16

Foliage Trip with lunch at Green Ridge Turkey Farm, Nashua, on Oct. 7

Christmas Lights Trip to Attleboro on Dec. 16

Observation of Senior Citizens' Month (May)—

Sing-a-long Social at American Mutual Insurance Building May 14

Our sub-committee, The Committee on the Needs of the Elderly Sick, sponsored a meeting for Nursing Home owners and directors of Wakefield, Woburn, Stoneham, Melrose, and Reading to discuss their common problems and anticipated solutions. This committee was also responsible for a tea and "open house" at the Kirkwood Nursing Home during May.

Picnic—

Home-cooked foods, and a program of accordion music on July 26, provided for more than 100 senior citizens.

EDUCATION

Classes in crewel embroidery and block printing — 10 weeks from January through April.

Classes in crewel embroidery, rug hooking and tray painting — 10 weeks October through December.

Book Reviews at the library by library personnel and senior citizens.

SURVEY

More than 2600 questionnaires were sent to senior citizens asking questions pertaining to Leisure, Health, Housing, Activities and Interests. Nearly 700 responded. These will determine the directions our future activities will take. An information and referral center, a drop-in center, educational and recreational activities were indicated.

At the end of December a Newsletter, giving information about existing services, was sent to all whose names we have on file.

We are closely allied with the Center Club for Older Persons' Activities which meets weekly at the First Baptist Church, with the Greenwood Senior Citizens which meet weekly at the Greenwood Union Church and with the Craft Therapy Service for the Sick, Elderly, and Handicapped.

The Council received a grant of \$250.00 from the Commonwealth of Massachusetts for work on the survey.

Dr. Joseph Goldman resigned from our committee early in 1969 and Dr. Sigmund Szydlowski was appointed to take his place.

Report of the Recreation Commission

Weekly meetings were held on Tuesday nights during the past year. Visitors were always welcome at these meetings.

Supervised play areas were as follows: Yeuell, Eugene J. Sullivan, Col. Edward B. Connelly, Nasella, Dolbeare, Woodville, J. J. Round, Moulton, Common and Maple Way. The swimming areas were: Col. Edward B. Connelly and Spaulding Bathhouse areas. Track and Field events were held at Walton Field.

Golf for boys and girls was one of the most popular activities during the past summer. Twice a week many players traveled to the Cedar Glen Golf Course in Saugus. Thirty-five competed in the final tournament. Silver cups were awarded to winners in each class.

The addition of one more Handicraft supervisor, in 1969, made it possible for them to visit each playground at least once a week. Approximately 800 projects from the ten playgrounds were on exhibition on Demonstration Day at the Common. Prizes were awarded in the various classes.

The annual Mardi Gras Parade brought to a close one of the most successful seasons in the history of our playgrounds. Floats from the various playgrounds mounted by their Queens, headed by St. Joseph's Band paraded down Main Street to the Common. There, from the many queens, "Miss Wakefield Playgrounds" was chosen.

The Commission held classes in swimming and life-saving for residents of Wakefield. Trained instructors taught the classes. No charge was made for the instruction. Red Cross Certificates were awarded to those successfully completing the courses.

Twenty-seven contestants entered the annual long-distance swimming race on Lake Quannapowitt. The race was the entire length of the lake. All finished, and cups were awarded the winners.

Nine teenage dances were held this summer under lights on the tennis courts at Veterans' Field. There was an average attendance of more than 1500 boys and girls who enjoyed these popular dances.

The Recreation program for adults started in January with the Physical Fitness classes at the Atwell Building Gymnasium. On Monday nights there were classes for women. Tuesday and Thursday nights there were classes for men. On Tuesday nights the exercise was of the less strenuous nature.

Golf lessons for adult men and women were held at the Dolbeare School Gymnasium on Wednesday nights during March and April.

Other adult programs were: the sponsoring of a Softball League for men under lights at Veterans' Field, and the Wakefield Tennis Association for men and women. The Recreation Commission awarded silver cups to the winners of both groups.

A First-Aid and Safety course by a representative of the local Red Cross Chapter was given during the past summer. Any adult in Wakefield desiring to join was invited to do so. This course was mandatory for the employees of the Recreation Commission.

The Recreation Commission is appointed by the Selectmen.

Report of the Wakefield Housing Authority

ANNUAL REPORT 1969

667-1 — 667-2

As required by Section 26U of the Housing Authority Laws (Chapter 121 of the General Laws), a copy of this Annual Report is sent to the State Housing Board, to the Board of Selectmen of the Town of Wakefield and the State Auditor.

The Wakefield Housing Authority in January of 1969 approved the final plans for Project 667-2 as submitted by the architects. Bids were received in March and the low bid was accepted. Construction started in May of 1969, and due to ledge and peat problems, work proceeded very slowly at first. At this time it looks as if the new sixty-four units will be available in May or June of 1970.

During the year Mr. Joseph Cerretani resigned from the Authority and the Reverend Harry W. Birch was appointed to succeed him.

Report of Board of Public Works

To the Citizens of the Town of Wakefield:

Again the Board of Public Works can look upon a successful year as an administrative body of the Town of Wakefield. It has been active in attempting to solve the problems of water, sewer and refuse disposal, as well as making the Department of Public Works become a better equipped and manned organization so that it could service the needs of the Town and its population in a better fashion.

Refuse disposal or incineration has been an ever present problem with no satisfactory solution appearing on the horizon. Mr. Hannoosh, a member of the Board, acting as chairman of the Incinerator Committee, has at all times kept the Board informed of the Committee's actions. In return, the Board has discussed the problem quite often, as well as meeting with the Incinerator Committee, so that the best possible solution can be found.

Servicing new sections of the town has progressed to the point that the demand for new installations has declined, and the town can review present installations with the intent of improving them to care for demands that now exceed the capacity of present installations.

During the year a contract was awarded for the construction of a new pumping station at the corner of Farm and Water Streets. This along with the new forced main will lend greatly to the Town's ability to handle waste from the industrial areas of the town.

Water relays to improve the distribution system have continued according to plan. A study of the water facility at Broadway has been made by an engineering firm who have recommended improvements to the aerating system. For the future, the Board continues to study ways of obtaining an additional source of water from the Metropolitan District Commission, as well as removing the current restriction on the pumping of M.D.C. water.

The Highway Division, this year, had to face the greatest snow battle that could be remembered. It weathered the storms quite well but not without sleepless nights and long hours of work. The organization is to be commended for the great service it rendered the town.

Building facilities still pose a problem with overcrowding and inadequate storage or repair space. It is hoped that a successful rezoning instituted by the Incinerator Committee will give an adequate area for the eventual erection of a new facility.

This year concludes another term of successful negotiations with the American Federation of State, County and Municipal Employees and proves that the proper attitudes of all can result in harmonious relationships. The Board looks ahead to many years of peaceful labor relations.

This year has seen emphasis put upon the "up-grading" of the organization and its facilities. The improvement has come about through the efforts of the Director, Supervisors and all the personnel within the organization. The Board is very thankful for the service these persons have rendered to the Town, as well as to the Board.

REPORT OF THE DIRECTOR OF PUBLIC WORKS

To the Board of Public Works

Gentlemen:

As required by Chapter 48 of the Acts of 1950, an act authorizing the Town of Wakefield to establish a Board of Public Works, I respectfully submit for your consideration a report of the work accomplished in 1969, with recommendations for the future.

The year 1969 saw the completion of the reconstruction of Forest Street from the Stoneham Town line to near Robert Street, and the widening of Pine Street from Pitman Avenue to Warren Avenue by Town forces. This use of force account labor has indicated that in future years, departmental projects should be limited to maintenance type work rather than capital improvements such as these. The amount of ordinary maintenance work in itself is a fulltime project and should not be lowered in priority to capital improvement. I would recommend that in the future, all capital type construction be let to contract in order to allow the full attention of town forces to maintenance work.

The Farm and Water Street Sewer Pumping Station was under construction during the year and completion is expected by June 1, 1970. The Sewer Trunk line from this station to the Vinton Street Station was also completed during the year.

The major problems facing this department which still must be solved are:

1. Solid Waste Disposal — There still is no ready solution to this problem but this year has seen the passage of legislation authorizing the Massachusetts Department of Public Works to set up a Bureau of Solid Waste Disposal and to set up regional facilities.

The Town of Reading seems to be progressing with plans to construct an incinerator which may be of sufficient capacity to accept Wakefield wastes, at least for a limited time, and the Incinerator Committee is recommending to the Town that a site in Montrose be acquired for the purpose of conducting a waste disposal program there, which should have your support, since it will give the Town still another proposal on which to make an intelligent judgment in the solution of this problem.

2. Public Works Garage Facilities — The past year has still not given us a solution to a problem which is becoming more acute as each

year passes. As our department grows to keep pace with our ever expanding community, more and more vehicles and equipment must be left outside subject to the elements and vandalism, and in this type of community service organization, reliability of our equipment is of paramount importance, particularly in cold weather. It would seem that this facility should be of primary importance to the Board in the coming year.

3. Water Supply and Distribution — It should also be uppermost in our minds, because of the increasing demands on our water system (a 25% increase in the last four years), to continue to press the M.D.C. Water Division for a change in our contract for supplying the Town with water to increase our allowable draw on their system and to push for a second connection through Stoneham which would solve our pressure and supply problems on the higher West Side elevations and provide more adequate fire flows throughout town.

It is my understanding that the M.D.C. presently has a Boston firm of consulting engineers working on an engineering feasibility study of a main providing water service to Woburn, Reading and Wakefield, the results of which will be available in 1970.

4. Improvements to Sewer System — Again because of the rapid expansion of the Town in the area of sewer collection systems (an increase in sewer mileage of 50% in the last ten years) it is now necessary to concentrate our efforts on making the existing system adequate to handle the wastes now tributary to it, rather than to continue to expand the system without regard to updating the older interceptors and trunk lines.

It will also be necessary to institute a continuing maintenance program whereby all sewers in the Town will be cleaned on a regularly scheduled basis.

In closing, I wish to express my appreciation to this Board, other Department heads and all Public Works employees who have been most cooperative and helpful in completing another successful year for the Department.

For additional details of work accomplished this year, I refer you to the following reports of the Division Supervisors.

Respectfully submitted,

RICHARD C. BOUTIETTE,

Director of Public Works

REPORT OF THE ENGINEERING DIVISION

The Engineering Division provided all design, survey and inspection services for all of the various projects constructed in 1969. Estimates, construction plans, specifications, contracts, supervision and inspections were provided for all streets, sidewalks, sewer and drainage projects performed by private contractors and town personnel as shown in the reports of the Division Supervisors of the Public Works Department. Easement taking plans and descriptions for sewer, drainage and street construction were prepared and filed in the Registry of Deeds.

Projects of major importance completed this year, consisted of the design and construction of a twenty-seven inch sewer trunkline, 2,270

lineal feet in length from the existing Vinton Street Low Level Pumping Station to near Millbrook Lane and 778 lineal feet of twenty-four and thirty inch drain pipe from Cordis Street to Wayland Road.

Assessments for all work accomplished under the Betterment Act were calculated and forwarded to the Assessors office.

Preliminary designs and estimated costs for all proposed projects in 1970 have been compiled and forwarded to the Board of Public Works for recommendation.

Inspection services were provided for all active sub-divisions in accordance with plans approved by the Planning Board, acting under the provisions of the Sub-Division Control Law.

I express my appreciation to the Engineering staff and to all Town Boards and departments that have given me their cooperation and assistance this past year.

Respectfully submitted,

MICHAEL T. COLLINS,
Town Engineer

REPORT OF THE HIGHWAY DIVISION

Street Sweeping: All streets were swept in the Spring and main roads and troublesome areas swept as needed. The business district sweeping schedule was revised from three times per week to four. This has helped the appearance of the Square considerably, but the cooperation of the general public and the store owners is needed to maintain a "clean face" for Wakefield. Please use the litter containers provided throughout the business district and help us "Keep Your Town Clean!"

Traffic Lines: This painting is done annually by contract, under this Division's supervision. All center lines, crosswalks, stop lines, parking lines and traffic direction markings were completed.

Drain Maintenance: Various brooks throughout the town were cleaned and maintained. Several broken pipes were repaired, old structures rebuilt and drainage extended in various locations. The normal program of cleaning catchbasins was continued—950 structures were cleaned and approximately 650 tons of sand and silt removed.

Highway Maintenance: Normal patching as required for maintenance and patching in conjunction with Chapter 616 and Chapter 90 Resurfacing Programs was completed. Pine Street from Pitman Avenue to Warren Avenue was widened to a full 24' width and resurfaced with bituminous concrete in accordance with Article 40. Forest Street Reconstruction, including widening, changing of grade and alignment was completed this year, making a substantial improvement of this connector road with the Town of Stoneham. The following streets were treated with road oil and stone cover to protect and prolong their life expectancy: Maple Street, Bartley Street, Park Avenue, Morrison Road, Mountain Avenue, Emerson Street (part), Elm Crest Road, Sylvan Avenue, Woodland Road, Oakland Road, Beacon Street and Meriam Street. This Division also permanently patched water main relays and water and sewer service trenches.

Sidewalk Maintenance: Numerous sections of concrete sidewalks which were deemed hazardous to pedestrian traffic were replaced. This replace-

ment is a continual problem due to the action of tree roots and frost heaves. Each year we repair as many as time and money allow. Also, repairs (and in some cases replacement) of bituminous concrete sidewalks were made for the same reasons. Here again, repairs are made to the extent that time and money allow. We are faced with a substantial backlog of work in these areas and for this reason, we must limit our action to sections which are potentially hazardous.

Traffic and Street Signs: This year, we made, installed and replaced the following signs:

- 5—New Street Name Signs (installed)
- 61—Street Name Signs (replaced)
- 23—New Traffic Signs (installed)
- 50—Traffic Signs (replaced)
- 63—Street Traffic Sign Posts (installed)

Vandalism continues to be the major factor in replacement of signs. We again ask your cooperation in seeking to eliminate this problem.

Complaints: This Division received three hundred and fifty-two complaints during the year. All complaints were investigated and rectified where possible. Major problems are noted and will be done as time and money become available.

Curb Replacement Program: One thousand and eighty-six linear feet of deteriorated concrete curbing was removed and replaced with five inch granite curbing, including nine corner butts and two curb inlets. The curbing was installed on the following streets: Main Street, 588'; Salem Street, 128'; and Greenwood Street 370'.

Chapter 90 Maintenance: Lowell Street from Drury Lane to Vernon Street was widened, patched and resurfaced with bituminous concrete.

Chapter 90 Construction: New Salem Street from Vernon Street to Salem Street was completely reconstructed, including the installation of a new culvert at the Mill River and much additional drainage. A short section did not have the finish surface applied due to the fact that we anticipated some settlement in this area. This section will be completed in 1970. Work was done by N. Pandelena & Sons, General Contractors.

Chapter 616 Resurfacing: Greenwood Street from Main Street to Spring Street was widened, patched and resurfaced with bituminous concrete.

1969 Street Construction: Contractor, A. M. Gregorio and Sons—Putnam Avenue from Griffen Drive to Redfield Road.

1969 Drainage Construction: Contractor, Benedetto Brothers Inc.

Lowell Street—installed 473 feet of 12" reinforced concrete pipe from Vernon Street westerly.

Contractor, Warren E. Manter Co., Inc.—

Cordis Street, Vernon Street and Wayland Road, installed:

- 131 feet 30" A.C.C.M. pipe
- 380 feet 30" Reinforced concrete pipe
- 67 feet 18"x29" A.C.C.M. Pipe Arch
- 267 feet 24" Reinforced concrete pipe
- 114 feet 12" Reinforced concrete pipe

1969 Sidewalk Construction: Contractor, Benedetto Brothers, Inc.—

North Avenue, West Water Street to Richardson Avenue; West Water Street, North Avenue to No. 35 West Water Street; Vernon Street, No. 258 Vernon Street northerly to Lowell Street.

Note: Also included in this contract was the Reconstruction of the Intersection of Lowell Street and Vernon Street, complete with sidewalks.

The following individual sidewalks were also constructed under this contract:

14 Bancroft Avenue	8 Emerson Street
16 Bancroft Avenue	10 Emerson Street
2 Birch Hill Avenue	48 Green Street
193 Broadway	7 Highland Avenue
25 Byron Street	23 Lawrence Street
16 Columbia Road	1282 Main Street
72 Elm Street	74 Elm Street

Contractor: A. M. Gregorio and Sons, Inc.—

Water Street from Farm Street easterly to No. 483 Water Street.

Note: No. 10 Columbia Road and No. 50 Tuttle Street constructed by Town forces.

In closing this report, I would like to thank all Public Works employees, all Division heads and our office staff for their cooperation and assistance throughout the year.

WILLIAM E. CURRAN,
Highway Supervisor

PARK AND FORESTRY DIVISION

The Forestry section has planted some one hundred and eighty-five shade trees as replacement for those trees removed and new trees on Kennedy Circle, Wyoma Street, King Street, Andrews Road, Aldrich Road, Heritage Lane and Woodville Circle.

This division is still experiencing a great loss of shade trees along our public ways. A total of ninety-five trees of a hazardous condition were removed and an additional ten trees were removed as a result of Public Shade Tree Hearings.

The Dutch Elm Disease Program this year showed a total of sixty-three samples taken of suspected elm trees, both public and private. Of these, sixteen public trees were diseased and fifteen private trees were confirmed as having Dutch Elm disease.

The Park section was able to install four hundred eighty-seven feet of chain link fencing at Eugene J. Sullivan Park, to safeguard private property adjacent to the ball diamond and parking area, including first and third base lines.

Because of the severe winter snowstorms, a complete new backstop at Veterans Field softball diamond was erected in addition to one hundred twenty feet of four foot high chain link fencing installed adjacent to the Lake shoreline.

Park benches of a permanent nature were installed at Veterans Field, Lower Common and Head-of-the-Lake Park.

The large wooden flagpole located in the Upper Common for many years was replaced by a one hundred foot steel pole, circled by a flagstone and cement base, partly enclosed by a low evergreen hedge.

In conclusion, Railroad Avenue Park was seeded this spring with success. When funds are available, additional work will be done on this project.

ROBERT J. BELANGER, Supervisor,
Park and Forestry Division

CEMETERY DIVISION

Old Cemetery — (Church Street)

Along with our regular maintenance work, we have set up and repaired all the monuments that vandals toppled and broke this year.

100 lineal feet of chain link fence was installed at the northeast corner of the cemetery.

Forest Glade Cemetery

We have graded and seeded an area of 2914 square feet to be known as Section H. The graves will not be sold in this section until 1971 when a good turf has been formed.

An additional area of 1710 square feet was seeded and graded in Section A—West and an additional 3600 square feet of grading and seeding on St. Mary's Avenue.

We continued to remove many overgrown shrubs throughout the cemetery and will continue to do so next year.

Six Arborvitae bushes and fifteen Maple trees have been planted by us in various locations in the cemetery.

The following statistics are from the 1969 Cemetery records:

Interments	
Adults	127
Infants	11

REPORT OF THE SCHOOL COMMITTEE

Two veteran members of the School Committee who did not run for re-election in 1969 were commended by the Committee for having given unstintingly of their time and abilities towards better education for the youth of Wakefield. Mrs. Gertrude M. Spaulding had served for nine years and Mr. Henry B. McConville for 12 years. Two new members elected in March are Dr. Melvin J. Hellinger and Mr. Roger G. Maloney.

The Committee initiated in 1969 a continuing series of public meetings for the purposes of improved public relations and communication. The meetings are planned for the third Tuesday evenings in February, May and October. The format of these meetings consists of discussion of an initial topic chosen by the Committee followed by discussion of topics raised by the audience.

The Committee of Forty investigated the following educational concerns and provided information and recommendations to the School Committee: (1) Needs and Trends, (2) Adult Education, and (3) Public Opinion. A report on "Centralization vs. Neighborhood Schools" by the Needs and Trends Subcommittee was a substantial aid to the School Committee toward reaching a decision on grade structure.

From among several plans studied by the Building Needs Survey Committee the School Committee recommended expanding the present Junior High School building to provide a four-year 1800 pupil High School. In conjunction with the building plan the School Committee also voted to establish a grade structure of K-5, 6-8 and 9-12 in the Wakefield Schools. This plan and structure anticipates the transfer of the Junior High School to the Memorial Building and the sixth grades to the Atwell Building. Removal of the sixth grades from the elementary buildings will provide ample space for the state mandated kindergartens. Crowdedness of elementary facilities will be relieved by operating kindergartens on split half-day schedule.

Overlapping sessions were instituted at the High School in September to provide classroom time needed for instruction. Study periods are scheduled in the cafeteria and auditorium. The session for grade 9 begins later in the morning and ends later in the afternoon than the session for grades 10 to 12. At year's end the School Committee was studying alternatives for returning to a single session.

The School Committee authorized the following additions to the staff during 1969: three teachers in the High School, one each in English, Home Economics and Physical Education; a Music teacher to be shared with the Junior High School, one Art teacher and one librarian in the elementary schools.

Minimum salary for teachers was increased from \$6,200 for the 1968-1969 school year to \$6,600 for the 1969-1970 school year.

The Committee authorized the purchase of a mobile laboratory to provide expanded services for perceptually and speech handicapped students. This specially equipped bus will furnish equipment and materials whose purchase would not otherwise be feasible for each school building. The cost is reimbursed substantially by Title VI federal assistance.

The Committee adopted a revision of the social studies curriculum at the Junior High School including two units for grade seven, geography and government and two units grade eight, economics and political science.

Two new extracurricular activities in the High School, a Chemistry Club and a Radio Club were authorized by the Committee.

The Committee accepted with deep regret the retirement of the following dedicated people from our professional staff:

Miss Bernice Bazley
Mr. Francis Foley
Miss Lois Jordan
Mr. Thomas F. Kenney
Mr. Charles Lally
Mrs. Margaret Moore
Miss Jean Quincy
Mrs. Mary G. Sacco

The Committee observed with deep sympathy the untimely death of Mrs. Anne Eaton, a teacher at the Junior High School.

At the year's end the Committee was involved in the process of selecting a Superintendent of Schools to succeed Dr. Thayer D. Wade whose three years of service to Wakefield was terminated in August.

ROGER G. MALONEY
ALFRED A. PALMERINO

To the Wakefield School Committee:

Submitted herewith is the Annual Report of the Acting Superintendent of Schools.

In the past decade we have noticed the impact of the Scientific Age on the educational complex of the local level as well as the national level.

We now must face the impact of the Sociological Age on the educational scene. Teachers, parents, pupils and those citizens not usually closely involved in education are seeking this identification for purposes of creating a relevant environment that is meaningful in the preparation of young people for their place in our changing society.

It is of utmost importance for the community concerned with the education of its young people to be involved in a constant program of self evaluation. We must take an introspective view of the total educational framework.

From a physical point of view it is necessary to implement definitive plans to correct structural deficiencies that have resulted in staggered sessions at the high school, transportation of elementary pupils to satisfy space accommodation needs, as well as development of spaces for kindergarten instruction by 1973 as required by the State Department of Education regulations. The Administrative Council has recommended, endorses and supports the position of the S.B.N.S.C. and the School Committee re K-5, 6-8, 9-12 grade structure.

Past accomplishments in certain areas that should have special mention at this time are:

Special Education — Expansion of the program for those pupils with learning disabilities. The Resource Development Program now has two classes at the high school level, two at the junior high school level, four at the elementary level, as well as two speech therapists, one transient teacher for the perceptually handicapped and one part-time transient for visually handicapped.

With the aid of federal funds the acquisition of a mobile learning laboratory unit for children with learning disabilities will dramatically increase the utilization of this special staff as well as creating three small instruction spaces that will be brought to the pupils who need special help yet keep them in their regular environment during most of the learning period.

Elementary Education — In the elementary schools we have continued the program of instituting a library in every elementary school and are in process of meeting state library standards. Efforts have been continued to bring the junior high school and the senior high school libraries up to state standards.

Our more efficient and complete testing program in grades 1 through 8 has given us recognition of the fact that although we have made tremendous strides in mathematical concepts, it emphasized the need to implement an emphasis in computational skills. This has been done. In keeping with our increased emphasis on math, a mathematical scope and sequence chart has been developed for pilot implementation.

The non-graded reading program for grades 1 through 4, as well as the total reading program, is undergoing continuing analysis and revision.

The addition of an art instructor in the elementary level has been a substantial gain in the area of elementary fine arts.

The elementary and secondary summer school program continues to be successful. The adult education program has broadened the scope for sharing the needs and desires of our adult citizens.

Experienced librarians proficient in teaching library skills now move about through the elementary schools in each school district instructing in these critical areas.

Volunteer mothers under the direction of our librarian administer the elementary library program.

Secondary Education — A planned new audio lingual approach in foreign languages has been initiated and coordinated in grades 7-12.

There has been a marked increase in participation in secondary work experience programs. Program Cove — The cooperative vocational educational project has been approved by the State Department of Education and we are awaiting funding before any more expansion is developed in this area. This has been a boon for the terminal students.

There have been continuing efforts to increase coordination in all major subject areas grades 1-12.

In physical education the need for expanding of our facilities is accentuated not only because of existing programs, but also because of the extension of our physical education extra-curricular activities.

The attached guidance report regarding a follow-up study of the 1969 graduates points up the significance of the educational preparation offered by the Wakefield Schools.

In looking ahead to the future we must realize that education will be defined more broadly—viewed more as information relative to the entire life process and less simply as instruction and study in the classroom.

We must recognize that to consider education solely in terms of formal institutions is to hold an unrealistic concept of the process of learning. Education comes from as much or more from outside of schools as within and we must begin to try to shape the entire environment of life so that its influence is positive and reenforcing with respect to the total development of human beings.

MAJOR REPAIRS AND PLANT IMPROVEMENT 1969

Senior High School

An additional overhead door was installed in the auto shop of the Memorial Building to allow for the garaging of the twenty passenger school bus.

To accommodate additional students, sixty-two new lockers, with combination locks, were purchased for the Memorial High School.

As part of an annual program two rooms had windowdarkening drapes installed and repairs to drapes were made in four other classrooms.

In an effort to prevent flame failure in one of our boilers a new type gas torch was installed and in the first four months of operation has proven very successful. The refractories in two boilers were repaired during the summer.

In the Atwell Building the painting projects this year included the girls' street locker room, the art room and areas in the central office.

The permanent bleachers on Walton Field were repainted during the summer.

Junior High School

At the Junior High School a worn out vertical sewage pump was replaced with a new and more efficient horizontal self priming unit.

An exterior improvement at this school was the laying of concrete and bluestone in the plot around the flagpole.

Darkening drapes were installed in two classrooms and repairs were made in three other rooms.

Elementary

The annual painting program was continued with the complete repainting of the exteriors of the Woodville, Franklin and Greenwood Schools. At the Lincoln School all of the classrooms and corridors were painted.

Faulty oil burner panels were replaced at the F. P. Hurd and Harris M. Dolbeare Schools.

At the Montrose School the old water piping was completely replaced in the boys' and girls' lavatories.

One classroom floor at the Greenwood School was replaced with vinyl asbestos tile and new underlayment. At the Lincoln School another classroom was tiled in addition to the teachers' room and office, each with new underlayment.

Outmoded, unsafe electrical panels were replaced with circuit breakers at the Woodville and Lincoln Schools. In the continuation of another program vandal lights were placed around the Doyle School.

Forty new air and water pressure fire extinguishers were purchased to replace existing unreliable types.

In addition to the annual overhaul of oil burners and boilers two refractories were rebuilt at the Greenwood School.

During the summer the maintenance department constructed thirty bookcases for the elementary libraries.

In conclusion I wish to express my sincere appreciation to the directors and employees of other departments in the Town of Wakefield for the excellent cooperation extended during the past year.

Respectfully submitted,

LUCIAN J. COLUCCI,

Acting Superintendent of Schools

CLASS POEM

STORY

The sun was stolen; and still the rain spins
 brown on brown water.
 I watch and I am tired of the wind
 which is winter and the summer sea.
 For I have touched the ice and held the sea
 and the paints of my thoughts are chipped.
 I have not seen the stars; they are few, I hear,
 and grow extinct.
 Somewhere the poet sifts the sky
 preparing a song and a suddenness.
 And I am left scraps of song
 to string with a needle
 and wait the night's end
 wondering at a story I can not reach.

REPORT OF THE LIBRARY TRUSTEES — 1969

The year 1969 brought the completion of the addition to the Lucius Beebe Memorial Library — a project first sought by the Library Trustees at the Town Meeting of 1964. On April 12, 1969 books were moved into the stacks of the addition and by June it was in partial use. On a Sunday of beautiful autumn weather, September 14, 1969 the entire library building was opened to the public. The Staff, the Building Committee and the Board of Library Trustees were hosts. Tea was served in the Lecture Hall.

Members of the Building Committee were Paul A. Donovan, chairman, Daniel M. Hall, Mrs. Raymond E. Wentzel, Raymond L. Smart, Earl L. Bears, Edward E. Lynch, and Louis R. Sardella. Miss D. Marjorie Taylor, head librarian, acted as advisor on library needs for the committee. Mr. Hall resigned from the committee in July 1968 and Mr. Walter A. Howlett was appointed in his place.

In September the Board of Library Trustees received with regret the resignation of the Rev. John G. Koehler. The change of Mr. Koehler's residence from Wakefield to Stoneham necessitated his resignation. Mr. Koehler was an able and valued member of the Board. Although he has moved beyond the limits of the town, his interest continues in the Lucius Beebe Memorial Library.

On Tuesday evening, November 18, 1969, at a joint meeting of Selectmen and Library Trustees, Mrs. Webster P. Jackson was elected to fill the vacancy caused by Mr. Koehler's resignation. Mrs. Jackson's background includes a fine education and wide experience in community affairs. She was welcomed to the Board at its regular meeting on December 11, 1969.

The librarian, Miss D. Marjorie Taylor, is providing monthly book meetings for a group of older citizens.

At the end of September a class of approximately 25 pupils and 30 tutors began a pilot adult reading program. The program is federally sponsored under the Library Service and Construction Act. The pupils come from Wakefield and surrounding communities. As the class and its worth become known, the Trustees expect to see more pupils enter the program.

The Trustees are grateful to the Library Staff for its faithful service during the year and to the many citizens who have given time and interest. All citizens are urged to use the library and to become aware of the many facilities it offers.

REPORT OF THE LIBRARIAN — 1969

The year just ended saw the completion of many years of work by trustees, staff and interested citizens of Wakefield. On September 14 an Open House was held at the library to introduce the citizens of Wakefield to their greatly enlarged library facilities. Staff and public who had suffered through the construction period were pleased to have the dirt and confusion ended, and to enjoy the light and colorful new premises. Thanks are due to school children and scout troops who helped to move books from the old to the new quarters. All moving was done voluntarily with no additional cost to the town.

With the new library in working order several new projects have been undertaken in addition to those which had to be suspended during construction. We were able to hold a successful summer program in the enlarged Children's Room, as well as the usual preschool program which was filled to capacity when it started in November.

The Children's Room is also the meeting place for the Adult Literacy Workshop started in September through the use of Federal funds. Here each Tuesday and Thursday evening volunteer teachers meet with adults who are anxious to improve their reading skills. It is hoped to continue this worthwhile program although no more money is available from the government.

A book-oriented program has been started for those senior citizens who are interested, and although the attendance so far has been small, those who do attend are very enthusiastic and have not only listened but have taken part in the programs.

We have been glad to welcome back various civic groups who use the library for their meetings, particularly the Historical Society and Art Association. We also plan to institute small one-man shows of the work of Wakefield artists.

There have been several changes in staff during the year. Enlarged premises require more personnel, so Miss Mary Johnson was appointed Reference Librarian in July and Mrs. Susan Sardella moved from a part time to a full time position in September. In May Mrs. Alice Waterworth retired after seventeen years as librarian of the Montrose branch, and Miss Madelyn Leonard was appointed acting librarian in her place. During the year, six staff members took courses in library science, thus increasing their knowledge of and usefulness in library work.

A step forward was taken this year in library cooperation when six libraries issued a common adult borrowers card which could be used for borrowing non-fiction books at Lynnfield, Melrose, Reading, Saugus, Stoneham and Wakefield. This means that the combined non-fiction stock of all six libraries is available for use by any adult resident in these towns. Add to this the fact that any Wakefield borrower may obtain a card at the Boston Public Library, and that books may be borrowed through the local library from many other libraries, it is obvious that a library card opens the door to an ever widening field of knowledge.

Another innovation has been the opening of the Children's Room on Monday evenings in the hope that this will become a family night when parents will come with their children and enjoy the many services offered by the library.

Mrs. Duggan, Children's Librarian, reports a marked increase in the number of kindergartens and school classes which have visited her room this fall. She has also entertained the Children's Book Review Club and a group of Children's Librarians from the Greater Boston area.

The Young Adult room has been retained as a separate entity in the enlarged building because it is felt that students should have one place and one person to whom they may look for individual help. Mrs. Bush, Youth Librarian, notes the need to keep up with the changing school curriculum and to buy books accordingly. The new course on Anthropology in the Junior High School is a case in point.

This has been Mrs. Bancroft's first full year as Librarian at the Greenwood branch. With the help of the Greenwood Junior Women's Club under the chairmanship of Mrs. Raymond Doucette, a highly successful series of pre-school story hours was held during the winter months, with stories, film strips, games, songs and handwork occupying the four year olds' attention. An equally successful summer program for grade school children introduced the idea of arts and crafts tied in with books, and culminated in an Open House at which the children exhibited a mural, a miniature theatre and homemade books which they had written and illustrated themselves.

Pre-school hours were also held in the Montrose branch library. During the first half of the year two meetings were held each week to take the place of the usual meetings at the main library during construction, and Mrs. Duggan and Mrs. French worked with Mrs. Waterworth at this time. In the fall Miss Leonard and Mrs. Pastorello told stories, played games and showed film strips to about twenty pre-schoolers from Montrose each week.

Statistics show the effect of the construction on the use of the library for three-quarters of the year, but with the final completion of the work the library is being used by all kinds and all ages for recreational reading, study and merely browsing or reading the many periodicals provided. It is hoped that the library will serve the needs of the town for many years to come.

D. MARJORIE TAYLOR,
Librarian

MUNICIPAL LIGHT DEPARTMENT

Report of Municipal Light Board

January 2, 1970

To the Citizens of the Town of Wakefield:

We submit for your consideration the seventy-sixth annual report of the Municipal Light Board for the year ending December 31, 1969.

The net profit of the Department was \$236,191.19 as compared to \$255,189.24 in 1968. The sale of gas increased 2% and electricity 6%.

The balance in our Operating Fund was \$212,934.53 as compared with \$246,888.28 in 1968.

The sum of \$225,000.00 was paid to the Town to be used in computing the tax rate for 1969. The total amount paid to the Town is \$2,613,229.57.

The Manager's report including financial statement for the year are included in this report.

Respectfully submitted, EDWARD D. CONWAY, Chairman
PHILIP C. SICILIANO, Secretary
ANTHONY MINICHELLO

To the Board of Light Commissioners:

Our gas distribution in the north and center section of Town was greatly improved by a new connection with our supplier. We installed 4,000 feet of new gas main and constructed a small meter house and regulator station to accomplish this. This resulted in additional capacity and improved distribution pressure.

We installed the foundation for new switchgear at the Wakefield Avenue substation. The switchgear will be delivered early in 1970. Land on Salem Street, Montrose, was purchased from the State and will be used for a future substation.

An additional electric supply line was partly installed and will be completed in 1970. We increased the voltage on one of our circuits, to provide greater capacity for increased demands. Permanent electric service was provided for the new Regional Vocational High School.

The following condensed Profit and Loss Statement shows the financial operation of the Department for the year ending December 31, 1969 and the difference from the previous year.

Sale of Gas and Electricity	\$2,409,220.33	Increase	\$120,316.04

ANNUAL TOWN MEETING

MARCH 10, 1969

As Recorded by GEORGETTE A. CLARK, Town Clerk

Meeting called to order at 7:30 P.M. by Moderator Roger H. Wingate, who read the call for the meeting which was held in the Memorial High School Auditorium.

On motion by Chairman Mario L. Simeola of the Finance Committee:

Voted: That further reading of the warrant, with the exception of the Constable's return, be dispensed with.

Constable's return read by Town Clerk.

Chairman Mario L. Simeola presented to the meeting a chart, prepared by the Finance Committee, showing the rise in expenditures compared to the fairly constant State and County receipts, explaining the taxpayer must fill the void through increased real estate taxes. Chairman Simeola also expressed the appreciation of the Finance Committee to the Boards, Departments, and Committees for their cooperation and courtesies extended the Committee.

ARTICLE 1

To choose all Town officers not required to be chosen by ballot.

Board of Selectmen

On motion by Finance Committee:

Voted: That the Moderator appoint a committee of five to bring in nominations for Town officers not required to be elected by ballot.

The Moderator appointed the five members of the Board of Selectmen.

Voted: That the subject matter of Article No. 1 be laid on the table.

ARTICLE 2

To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue for the financial years beginning January 1, 1969 and January 1, 1970, in accordance with the provisions of General Laws, Chapter 44, Section 4, and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

Paul Lazzaro and others

On motion by Finance Committee:

Voted: That the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation

of the revenue for the financial years beginning January 1, 1969 and January 1, 1970 in accordance with the provisions of General Laws, Chapter 44, Section 4 and to renew any note or notes as may be given for a period of less than one year, in accordance with the provisions of General Laws, Chapter 44, Section 17.

ARTICLE 3

To determine how much money the Town will raise and appropriate for General Government, Protection of Persons and Property, Health and Sanitation, Public Works, Charities and Veterans' Benefits, Education, Recreation and unclassified, Employees' Contributory and Non-Contributory Retirement System & Contributory Group Health, Accident and Life Insurance, Public Service Enterprises, Interest and Maturing Debt, specifying what appropriations shall be taken from the receipts of a department.

ARTICLE 13

To see if the Town will vote to amend the General Bylaws of the Town by deleting Chapter VII therefrom and substituting therefor the following:

Chapter VII — Ways

Section 1 — No persons except duly authorized officers of the town in the lawful performance of their duties, and those acting under their orders, shall obstruct any sidewalk or street or any part thereof, or break or dig ground of the same, without first obtaining a written permit from the Board of Public Works.

Section 2 — No person shall place, or cause to be placed, in any public street or upon any public sidewalk or common land of the town, any refuse or discarded materials of any kind in such a manner as to obstruct a free passage for foot or vehicular traffic, except that collectible materials, as defined in the regulations of the Board of Public Works relating to rubbish collection, may be so placed in accordance with said regulations.

Section 3 — No person shall distribute or display posters, handbills, placards, pamphlets or other advertising matter in any public street or way without first obtaining a permit therefor from the Board of Selectmen.

Section 4 — No person shall coast on any street, sidewalk, or public way of the town.

Section 5 — No person shall throw stones, snowballs or other dangerous missiles, nor play within any of the public streets of this town.

Section 6 — No person shall stand on any sidewalk or street, or in any public place in such a manner as to obstruct free passage for pedestrian or vehicular traffic, after having been requested by a police officer to move on.

Section 7 — No person shall hunt or discharge any firearms within the limits of the town, unless permission is granted by the Chief of Police or his designee; provided this section shall not apply to the lawful defense of life or property, nor to any law enforcement officer acting in the discharge of his duties, nor to the use of firearms at any military exercises or on any established rifle range.

Section 8 — Every person intending to erect, repair or take down any building or land abutting on any street or way which the town is required to keep in repair, and who desires to make use of any portion of said street or way for the purpose of placing therein building materials or rubbish, shall give notice thereof to the Board of Public Works. The Board of Public Works may grant a permit to occupy a portion of said street or way, and such permit shall be upon the condition that the licensee shall keep a sufficient number of lighted lanterns at or near the parts of the street or way obstructed or unsafe, and shall keep a railing or guard around the same, while such obstruction shall continue. If such obstruction is more than a temporary condition the licensee shall place a good temporary walk around said obstruction, and at the completion of the work shall restore the street or way to its former condition.

Section 9 — Before issuing a license as specified in the preceding section the person applying for the same shall execute a surety company bond in the sum of \$5000 to indemnify and save harmless the town against damages, by reason of cost or expense it may suffer or be put to by reason of any claim for damages or by reason of any proceeding, criminal or civil, on account of the existence of such obstruction or excavation.

Section 10 — No person shall carry or transport garbage or house refuse in or through any public way or square in the town of Wakefield, unless duly licensed by the Board of Health, upon such terms and condition as said Board deems necessary for the health, comfort and convenience of the town.

Section 11 — No person or persons shall play or perform on any musical instrument, sign, parade, march or congregate in any public way or public place without the written permit of the Board of Selectmen. This section shall not apply to funeral processions or parades authorized by law.

Section 12 — The owner or tenant of any business establishment, or the owner or tenant of land abutting on the following — named streets and ways: To wit, Main Street, west side from Water Street to Avon Street, east side from Richardson Street to Crescent Street; Albion Street, north and south sides from Main Street to North Avenue; North Avenue, east side from Albion Street to Chestnut Street; Princess Street, south side from Main Street to Crescent Street; Lincoln Street, north side from Main Street to Crescent Street; and Water Street, south side from Main

Street to Boston & Maine Railroad, shall remove all snow and ice from the portion of the sidewalk adjoining such land and/or business establishment within twelve hours after said snow or ice fell or was formed thereon, provided such ice may be made even and covered with sand or other proper material to prevent slipping, in lieu of being removed. Such snow and ice may be removed from the sidewalk to the street if left level. Each violation of the provisions of this section shall be punished by a fine of not more than ten dollars.

Section 13 — No person shall behave in a rude or disorderly manner, or use any indecent, profane, or insulting language in any public way, park, common, or other public place in the town, or near any dwelling house or public building therein.

Section 14 — The Director of Public Works, for the purpose of removing or plowing snow or removing ice from any way, may remove or cause to be removed to some convenient place, including a public garage, any vehicle interfering with such work. He shall keep, or cause to be kept, records of the registration number of each vehicle to be removed and the place to which it is removed, and shall, within forty-eight hours after the removal of any such vehicle, send notice by mail to the owner of such vehicle at his address as recorded at the Registry of Motor Vehicles, of the place to which such vehicle has been removed.

Before the owner or his agent shall be permitted to remove a vehicle which has been removed as aforesaid to a public garage or other convenient place, he shall furnish satisfactory evidence to the owner or person in charge of said public garage or to the Director of Public Works of his identity and ownership or right to possession of said vehicle, and shall pay the reasonable cost of removing said vehicle to the place of storage and all storage charges.

Section 15 — No person shall permit any vehicle under his care or control to stand across any public way in such a manner as to obstruct the travel over the same for an unnecessary length of time; no person shall stop with any vehicle in any public way so near to another vehicle as to obstruct public travel; and no person shall stop with any vehicle upon or across any crossing in any public way.

Section 16 — No person except an officer of the law in the performance of his duties shall enter upon the premises of another or upon any public property with the intention of peeping into the windows of a house or other building or by spying in any manner upon any persons therein.

Board of Public Works

On motion by Finance Committee:

Voted: That the Town authorize the Board of Public Works to expend Federal and State Grants in excess of the funds authorized by Article 69 of the 1968 Annual Town Meeting in order to accomplish the purposes of Article 69.

ARTICLE 1

To see if the Town will vote to ask the Legislature to pass a Special Act providing for recall mechanism of the members of the School Committee.

Edward J. Carr and Others

Motion by Finance Committee:

That the subject matter of Article 1 be indefinitely postponed.

The vote on the motion was in the negative;

YES, 1155 — NO, 1171

On motion by Judson G. Brown, Chairman of the Wakefield Association for the Development of Education:

Voted: That the Town ask the Legislature to pass the following Special Act:

AN ACT PROVIDING AUTHORIZATION AND A PROCEDURE FOR RECALL OF THE PRESENT MEMBERS OF THE SCHOOL COMMITTEE OF THE TOWN OF WAKEFIELD DURING THE YEAR 1969.

SECTION 1. Present members of the School Committee may be recalled. Any member of the present School Committee may be recalled therefrom by the registered voters of the Town during the year 1969 as herein provided.

SECTION 2. Recall Petition, Preparation, Filing. Any ten registered voters of the Town may file with the Town Clerk an affidavit containing the name of the officer sought to be recalled and a statement of the grounds for recall. The Town Clerk shall thereupon immediately deliver to said voters making the affidavit, copies of the petition blanks demanding such recall, forms of which he shall make available. The blanks shall be issued by the Town Clerk with his signature and official seal attached thereto. They shall be dated, shall be addressed to the Selectmen, and shall contain the names of the ten persons to whom they are issued, the name of the person whose recall is sought, the grounds of recall as stated in the affidavit, and shall demand the election of a successor in the said office. A copy of the petition shall be entered in a record book to be kept in the office of the Town Clerk. The recall petition shall be returned and filed with the Town Clerk within twenty days after the filing of the affidavit, and shall have been signed by at least twenty percent of the registered voters of the Town, who shall add to their signatures the street and number, if any, of their residences.

The Town Clerk shall forthwith submit the petition to the Registrars of Voters in the Town, and the Registrars shall forthwith certify thereon the number of signatures which are names of registered voters of the Town.

SECTION 3. Removal and Election. If the petition shall be found, and certified by the Town Clerk, to be sufficient, he shall submit the same with his certificate to the Selectmen without delay, and the Selectmen shall forthwith give written notice of the receipt of the certificate to the officer sought to be recalled, and shall, if the officer does not resign within five days thereafter, thereupon order an election to be held on a Monday fixed by them not less than fifty nor more than sixty days after the date of the Town Clerk's certificate that a sufficient petition is filed; provided, however, that if any other town election is to occur within ninety days after the date of the certificate, the Selectmen shall postpone the holding of the recall election to the date of such other election. If a vacancy occurs in said office after a recall election has been ordered, the election shall nevertheless proceed as provided in this Act.

SECTION 4. Nomination of Candidates. The question of recalling any number of members of the School Committee may be submitted at the same election. But as to each officer whose recall is sought there shall be a separate grouping on the ballot. The nomination of candidates to succeed an officer whose recall is sought, the publication of the warrant

for the recall election, and the conduct of such election, shall all be in accordance with the provisions of the General Laws.

SECTION 5. Ballots. Ballots used in a recall election shall submit the following propositions in the order indicated —

For the recall of (Name of Officer).

Against the recall of (Name of Officer).

Immediately at the right of each proposition there shall be a square in which the voter, by making a cross mark (X), may vote for either of the said propositions. Under the proposition shall appear the word "Candidates", The directions to voters required by the General Laws and beneath this the names of the candidates nominated as hereinbefore provided.

SECTION 6. Election. If a majority of the votes cast on the question of recall of an officer shall be against his recall, he shall continue in office. If a majority of such votes be for the recall of the officer designated on the ballot, he shall, regardless of any defects in the recall petition, be deemed removed from office, and his office deemed vacant.

SECTION 7. Election in Event of Resignation. If an office in regard to which a sufficient recall petition is filed becomes vacant before the ballots are printed, the election shall be held as hereinbefore provided, except that the title of that portion of the ballot shall be "Town Election", That the propositions in regard to the recall shall be omitted from the ballot, and that above the names of the candidates there shall appear on the ballot the words "Candidates to Succeed (Name of Officer) Resigned". (If he resigned his office.)

SECTION 8. Duties of Certain Town Officials Relative to Election. It shall be the duty of the Selectmen and the Town Clerk in office and any other town official upon whom by reason of his office a duty devolves under the provisions of this Act, to comply with all the requirements of law relating to elections, to the end that all things may be done necessary for the nomination and election of the officers first to be elected under this Act.

Administration & Finance

Conferring on a fine financial point are Executive Secretary-Town Accountant John J. McCarthy and selectmen's secretary Mrs. Margaret Brady.

The Wakefield town government administrative services, including the financial administrative apparatus is coordinated under the Executive Secretary/Town Accountant combination of functions. This combination of positions and functions provide for inter-departmental liaison between all town departments.

The expenditure and receipt of any and all monies received or expended by any town official department, board or committee must be audited and approved by the Accounting Department.

The administration of various programs effecting the municipal departments are administratively processed through the office of the Board of Selectmen.

The Contributory Retirement System serves as a depository for the required contributions of 435 employees and the administration of retirement benefits for presently 135 retired employees. The management of the Contributory Retirement System investment portfolio of \$1,630,797.66 is also a responsibility of this area.

The program of health, accident and life insurance benefits encompassing 577 active employees and 51 retired employees is another type of requirement which cuts across the departmental lines.

The budgeting process which involves all departments in a relationship with the Town's Finance Committee and ultimately the town meeting requires a liaison relationship in addition to the technical responsibility for the budget document by the Accounting Department.

These previous types of activities are illustrative of the responsibilities and activities charged to the administrative and financial control center of town government. This control center is staffed by highly qualified personnel who are provided with the most modern available equipment. However, the further consideration of advanced equipment is constantly being reviewed for adaption to the increasing volume of technical complexity of the work requirements associated with the administration of a modern municipality.

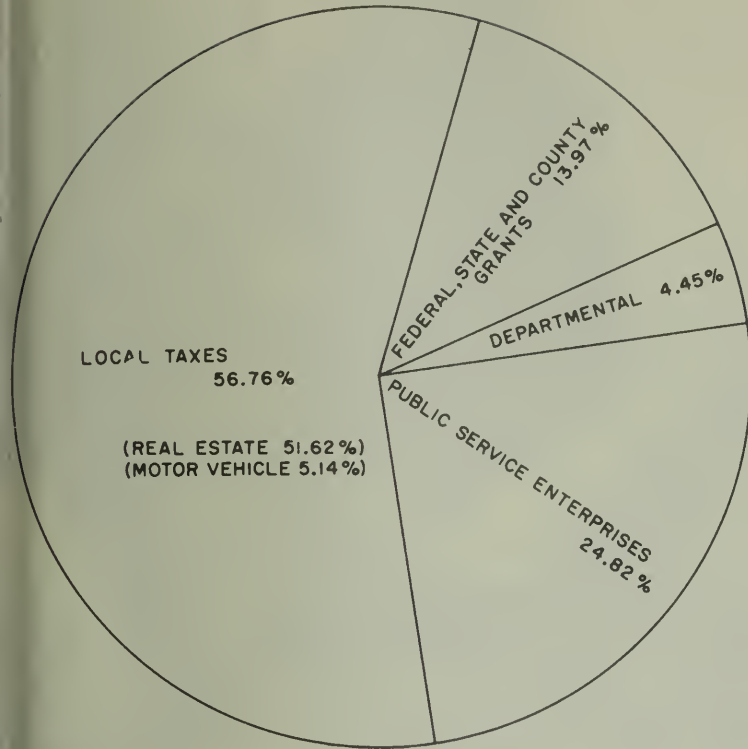

Mrs. Muriel Taylor, Mrs. June Pizzano and Matthew J. Burns, Jr. pore over the bookkeeping machine used for the complex system of keeping the finances of the town straight in the Town Accountant's department.

It all starts here . . . in the Assessors' office. Responsibility for the office's functioning are described here by Dante Volpe to Mrs. Mary McDonough.

Fifty-fifth Annual Report of the Town Accountant

FOR THE YEAR ENDING DECEMBER 31, 1969

The total cash expenditure processed by the Town Accountant's Office amounted to \$16,297,527.28.

The total cash receipts amount to \$16,395,928.52 which indicates the necessity for serious attention and consideration in this area of the Town's financial program.

The operational and indebtedness cost of town services can be examined by the simple comparison with other immediately surrounding communities.

This method of comparison brings the tax rate and valuation variables together in the formation of a comparative per-capita cost factor.

The growth of the town in population and valuation is directly related to increased operational cost. The creation of non-existent facilities in areas of the town that have heretofore been undeveloped and apart from the service arterials have required increased capital expenditures in an era of high construction costs.

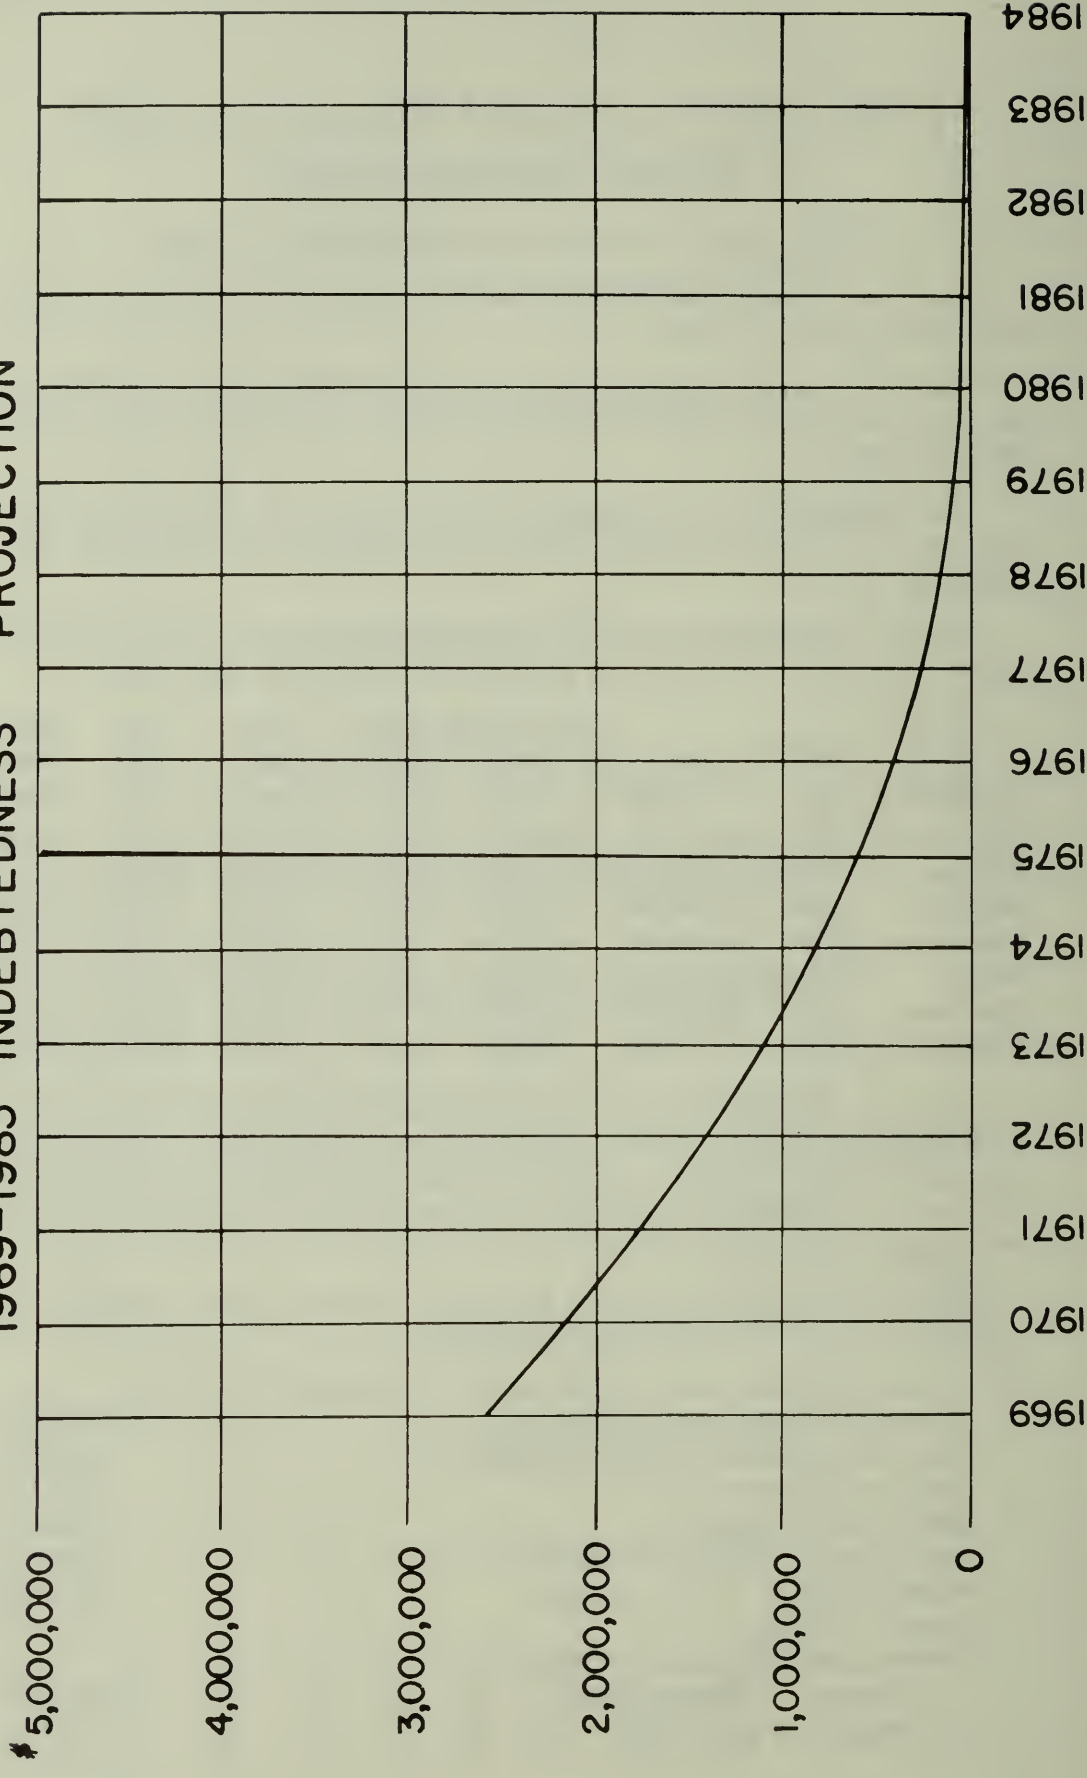

The records of the Treasurer have been examined and found to be in agreement with the Accountant's balances.

Cash Balances have been verified and are distributed as follows:
